RE: Indictment of State Attorney Angela Corey by Florida Citizens' Grand Jury – Request for State Prosecution.

Dear Governor Scott:

As you may know, I am the Citizens' Prosecutor of Citizens' Grand Jury located in Ocala, Florida. I am also the founder of Judicial Watch and Freedom Watch and am a Florida lawyer.

The authority for this Citizens' Grand Jury can be found at www.citizensgrandjury.com. I am also enclosing in this regard two columns that I wrote which discusses how our nation has a history with the Citizens' Grand Jury. (<http://www.wnd.com/2012/04/time-to-indict-the-political-class/>; <http://www.wnd.com/2013/06/people-power-philadelphia-1776-ocala-2013/>).

On Tuesday, June 25, 2013, the Citizens' Grand Jury voted a true bill of indictment with regard to the criminal conduct of State's Attorney Angela Corey. I am enclosing a copy of this indictment, as well as a press release that was issued after it was handed down. Together, they set forth the basis of the charges and underscore the need for your office to take immediate steps to arraign and prosecute Ms. Corey under Florida law – particularly given the additional incriminating facts which have emerged during the on-going George Zimmerman trial. These facts show unequivocally that she withheld exculpatory evidence in the criminal arrest warrant and complaint which she swore against under oath, thus instituting a precipitous - and now it appears to any rational person - a frivolous criminal proceeding against Mr. Zimmerman.

The prosecution of State's Attorney Angela Corey is necessary on an expeditious basis to not only mete out justice, but under these regrettable circumstances, to preserve the integrity of

Florida law enforcement. Prosecutors, no more than ordinary citizens, are not above the law. Indeed, their integrity must be far from reproach as they wield enormous power and their improper actions can ruin lives, even if the person charged is ultimately acquitted. State's Attorney Angela Corey has abused this power and grossly disserved not only George Zimmerman, but the state and people of Florida. She must be held accountable by Florida law enforcement authorities and indeed it is your duty, as the highest government official in the state, to insure that justice is done through the appropriate authorities.

I would like to meet with you at your earliest convenience to discuss and facilitate moving this matter forward through the Florida justice system. In this regard, I will have my Chief of Staff contact your scheduler tomorrow, July 9, 2013.

Thank you for your courtesy and cooperation.

Sincerely,

FREEDOM WATCH, INC.

ZIMMERMAN PROSECUTOR ANGELA COREY CRIMINALLY INDICTED BY CITIZENS' GRAND JURY FOR ALLEGEDLY FALSIFYING ARREST WARRANT AND COMPLAINT

(Ocala, Florida, July 2, 2013). Florida State's Attorney Angela Corey has been indicted by a citizens' grand jury, convening in Ocala, Florida, over the falsification of the arrest warrant and complaint that led to George Zimmerman being charged with the second degree murder of African-American teenager Trayvon Martin in Sanford, Florida.

The indictment of Corey, which was handed down last week (see www.citizensgrandjury.com), charges Corey with intentionally withholding photographic evidence of the injuries to George Zimmerman's head in the warrant she allegedly rushed to issue under oath, in an effort to boost her reelection prospects. At the outset of this case, black activists such as Jesse Jackson and Al Sharpton, who whipped up wrath against Zimmerman, demanded that he be charged with murder, after local police had thus far declined to arrest him pending investigation.

Following Corey's criminal complaint charging Zimmerman, legal experts such as Harvard Law Professor Alan Dershowitz condemned her for falsely signing an arrest affidavit under oath, which intentionally omitted exculpatory evidence consisting of the photographs showing the injuries Zimmerman sustained, and rushing to charge him with second degree murder under political pressure. Dershowitz called her actions unethical and themselves crimes (<http://www.nydailynews.com/opinion/drop-george-zimmerman-murder-charge-article-1.1080161>).

Larry Klayman, a former U.S. Justice Department prosecutor, a Florida lawyer since 1977, and now the "citizens' prosecutor" presided over the Ocala grand jury and said this: "The Supreme Court has confirmed that the grand jury belongs to the American people, not the three branches of government. (504 U.S. 36, 48 (1992) (quoting United States v. R. Enterprises, Inc., 498 U.S. 292, 297 (1991)). By indicting Florida State Attorney Angela Corey, the people are exercising their God given rights, recognized by our Founding Fathers, to mete out justice when the political and legal establishment subverts the rule of law. Hopefully, this indictment will serve as a warning to the political and legal establishment that they are not above the law. Ironically, Corey will now be tried and likely convicted for her alleged crimes – which resulted in Zimmerman being charged under false pretenses, now coming home to roost during Zimmerman's on-going trial. Corruption cannot be tolerated, particularly by law enforcement officers who are elected by the people to serve their ends, not the law enforcement officer's political ends."
